Outcome scenarios (this season in the league)

If REAL BETIS win, Real Betis would increase their lead over Getafe to 10 points in the league table, and it would be:

- Real Betis's 3rd home win in 3 home matches
- Real Betis's 3rd consecutive win
- Getafe's 3rd away defeat in 3 away matches

If the match ends in a DRAW, Real Betis would remain 7 points ahead of Getafe in the

0.5+: matches where the total number of goals (team goals + opponent goals) was over 0.5

Segments Table

The **Segments Table** is a visual representation splitting the teams into 5 segments. Each team is assigned to a specific segment, depending on the team's number of points. Each of the 5 segments spans one-fifth (20%) of the total points held by the team ranked 1st in the league. For each team, the number of matches played appears in green between brackets, and the number of points is displayed in black.

More statistics tables can be accessed from the 'Statistics' dropdown list on the league navigation menu.

After 57 matches played in the Spanish LaLiga, a total of 175 goals have been scored (3.07 goals per match on average). The menus above provide access to league-level statistics and results analysis, including LaLiga results and goal scoring stats such as clean sheets, average goals scored and goals conceded.

SoccerSTATS.com provides football statistics, results and blog articles on national and international soccer competitions worldwide. Football fans can keep a tab on stats related to their favourite team or leagues of interest, and access a wide range of team performance data analytics and league standings, not only on the world's most famous professional leagues, but also on amateur and regional leagues over the world. Example of soccer statistics include league standings, form tables, top goal scorers, scoring stats, statistical previews and goal timing statistics.
